PRIVACY POLICY

KAIROS ENTERPRISES

Website: KAIROSWORKS.IN

Important notice: This Privacy Policy is a general public-facing policy prepared for Kairos Enterprises based on the website and data-handling practices described to us. It should be reviewed by a qualified privacy/legal professional before publication, especially if the website, hosting, analytics, advertising, CRM, payment or other technical infrastructure changes.

1. About This Privacy Policy

This Privacy Policy explains how Kairos Enterprises ("Kairos", "we", "us" or "our") may collect, use, disclose, retain and protect personal information when you visit KAIROSWORKS.IN, contact us through the channels provided on the website, or communicate with us regarding our services.

Kairos Enterprises is a proprietor firm providing web development, software development, mobile application development, UI/UX design and other custom digital product development services.

2. Information We May Receive

Our website does not currently provide a conventional website contact or enquiry form. Visitors who choose to contact us are generally redirected to email or WhatsApp.

Depending on how you contact us, we may receive information that you voluntarily provide, such as:

- Name or preferred form of address
- Email address
- Phone or WhatsApp number
- Company or business information
- Project or service requirements
- Information included in your message, enquiry, files or attachments
- Any other information you choose to share with us

Please avoid sending passwords, payment-card details, identity documents or other highly sensitive information through ordinary enquiry channels unless we specifically request it and provide an appropriate secure method.

3. How We Collect Information

We may receive information directly from you when you voluntarily contact us by email or WhatsApp using the contact options provided on the website.

We may also receive limited technical information that is automatically transmitted by your browser or device when you access a website, such as IP address, browser type, device information, date/time of access and basic technical logs. Whether and to what extent such information is recorded depends on our hosting, server and security infrastructure and the services used to operate the website.

4. How We Use Personal Information

We use personal information for legitimate business and communication purposes, including:

- Responding to enquiries and requests
- Understanding project requirements
- Preparing quotations, proposals or estimates
- Discussing and delivering requested services
- Communicating about an active client relationship or project
- Providing customer support
- Maintaining security and preventing misuse of our website or services
- Complying with applicable legal, regulatory or contractual obligations
- Improving our services, communications and website where reasonably necessary

5. Marketing Communications

Kairos does not generally send promotional communications to general enquiries as a routine practice. However, we may send occasional marketing or promotional communications where permitted by applicable law and, where required, based on appropriate consent or another lawful basis.

You may request that we stop sending promotional communications at any time by contacting us at the privacy contact address below. This will not normally prevent us from sending non-promotional communications that are necessary for an ongoing client relationship, project or transaction.

6. WhatsApp and Email Communications

When you choose to contact Kairos through WhatsApp, you will be redirected to WhatsApp and the communication will occur through WhatsApp's platform. WhatsApp may independently process information in accordance with its own terms and privacy policy.

When you contact us by email, the email and any information you provide may be processed through the email services used by Kairos. Third-party communication providers may process technical information in accordance with their own terms and privacy policies.

7. Cookies and Tracking Technologies

Based on the information currently provided to us, KAIROSWORKS.IN does not intentionally use cookies for advertising, behavioural profiling or analytics, and no dedicated analytics or marketing-tracking tools are currently known to be installed.

Some website infrastructure, security, hosting or embedded services may use technical mechanisms that operate similarly to cookies or may place essential identifiers. If this changes in the future, Kairos may update this Privacy Policy and, where required, provide additional notice or consent mechanisms.

8. Analytics and Third-Party Tracking

Kairos is not currently aware of using Google Analytics, Google Tag Manager, Meta Pixel, LinkedIn Insight Tag, Microsoft Clarity or similar dedicated analytics/tracking tools on KAIROSWORKS.IN.

This statement is based on the current information available to Kairos and may change if new technology, hosting, security, analytics or marketing tools are introduced. The policy will be updated as appropriate.

9. How We Store Enquiries

General enquiries are not ordinarily stored by Kairos in a separate customer database unless the relationship develops into a client or there is a legitimate business need to retain the communication.

Enquiries may remain within the relevant email or WhatsApp conversation for as long as reasonably necessary to respond, maintain records, manage a potential or existing client relationship, protect our legitimate business interests, or comply with legal obligations.

10. When We May Share Information

We do not sell personal information to third parties.

We may disclose or permit access to personal information where reasonably necessary for legitimate business purposes, including:

- Service providers that help operate our website, communications, hosting, security or business operations
- Professional advisers, where reasonably necessary
- Government, law-enforcement or regulatory authorities where required by law or lawful process
- A successor or transaction party in connection with a merger, restructuring, sale or transfer of relevant business assets, subject to applicable law

Where third parties process information on our behalf, we seek to use appropriate contractual, organizational or technical safeguards consistent with the circumstances.

11. International Data Transfers

Kairos has a global/international business positioning and may communicate with clients or potential clients located outside India. Depending on the communication provider, hosting provider or other service used, personal information may be processed or stored in India or other countries.

Where applicable law requires additional safeguards for international transfers, we will seek to use appropriate measures required by that law.

12. Data Retention

We retain personal information only for as long as reasonably necessary for the purpose for which it was collected, to maintain relevant business records, resolve disputes, enforce agreements, prevent misuse, or comply with legal obligations.

General enquiries that do not result in a client relationship may be deleted or allowed to remain only for a reasonable period necessary for business administration or legal purposes. Retention periods may vary depending on the nature of the information and the circumstances.

13. Data Security

Kairos takes reasonable organizational, administrative and technical measures appropriate to the circumstances to protect personal information against unauthorized access, misuse, alteration, disclosure or loss.

No internet transmission or electronic storage method can be guaranteed to be completely secure. We therefore cannot promise absolute security, but we seek to handle personal information responsibly and reduce reasonably foreseeable risks.

14. Your Privacy Rights

Depending on the law that applies to you and the circumstances of the processing, you may have rights concerning your personal information, which may include:

- Requesting access to personal information we hold about you
- Requesting correction or updating of inaccurate information
- Requesting deletion or erasure where applicable
- Withdrawing consent where processing is based on consent, subject to applicable law and any necessary legal/business retention
- Objecting to or requesting restriction of certain processing where applicable
- Requesting information about how your personal information is handled
- Making a complaint to an applicable data-protection authority where you believe your rights have been infringed

To exercise an applicable right, please contact us using the details in Section 21. We may need to verify your identity or request additional information before completing a request.

15. Children's Privacy

KAIROSWORKS.IN is a general business website and is not intentionally directed toward children. Kairos does not knowingly seek to collect personal information from children through the website.

If you believe a child has provided personal information to us without appropriate consent, please contact us so that we can review the matter and take appropriate action.

16. Links to Other Websites and Services

The website may contain links or buttons that direct you to third-party services, including email or WhatsApp. We do not control the privacy practices of those third parties. Their own terms and privacy policies will apply when you use their platforms.

Kairos is not responsible for the privacy practices, content, security or data handling of third-party websites or services.

17. Business and Client Information

If you become a client, additional information may be collected or processed as necessary to provide services, manage contracts, issue invoices, communicate about a project, provide support, or meet legal and accounting obligations.

Project-specific arrangements may include additional privacy, confidentiality or data-processing terms where appropriate. Where a client provides personal data to Kairos for processing as part of a project, the parties may need additional contractual provisions depending on the nature of that processing.

18. Your Responsibility When Sharing Information

Please provide information that is accurate and appropriate for the purpose of your enquiry or project. You should not provide personal information about another person unless you have the lawful authority or appropriate permission to do so.

You are also responsible for protecting the security of your own email, WhatsApp account, passwords and devices used to communicate with Kairos.

19. Changes to This Privacy Policy

Kairos may update this Privacy Policy when our website, technology, services, data practices or applicable legal requirements change. The updated version will be published on this page with a revised effective date.

We encourage visitors to review this Privacy Policy periodically.

20. Legal Basis and Applicable Law

Kairos will handle personal information in accordance with applicable law, including applicable Indian data-protection and information-technology requirements and, where applicable, privacy laws of other jurisdictions that may apply to a particular individual or processing activity.

Where a specific law provides rights or obligations that differ from the general wording of this policy, the applicable law will prevail.

21. Privacy Contact

Privacy-related questions, requests or concerns may be sent to:
